

TROLLEY

EB09.022

Support foldable trolley for Paramedic's

Designed to assist in the tasks of transportation of different backpacks and / or bags and other medical materials needed in various rescue scenarios. It can be folded and stored in small spaces (even inside the backpack). It includes big size wheels for a better portability, even in uneven ground. Thanks to its built-in seat, it allows to carry out diagnostic interventions or "in situ" cures, as well as have a rest during long walks.

Features

- Foldable structure that reduces the size for transportation or storage.
- Reinforced bars that provide extra robustness.
- Large wheels to provide stability in uneven surfaces.
- Foldable seat included for interventions.

Technical data

Weight	0.12 Kg
Dimensions	50 x 30 x 99 cm
Color	BLACK
