Περιγραφή

A slim, yet live-saving hip bag for leisure activities – decently designed. Basic gear for immediate live-saving measures can be found in the front pocket: a respiratory mask with membrane mouthpiece, protective gloves and a stowable sling with holding strap for radio receivers. The main compartment provides room for your essentials such as wallet, keys, mobile phone, etc. The practical hip bag can be worn directly on your belt as well. Reflective braids provide adequate visibility.

- size: 23 x 14 x 5 cm
- material: 100% polyester
